

## HENRYTHENAVIGATOR

The potency of Henrythenavigator's bloodlines is highlighted by the fact that he is one of six major winners sired by Kingmambo from daughters of the great Sadler's Wells. Among the others are two other classic winners, in Divine Proportions and Virginia Waters, and the Japanese superstar El Condor Pasa.

El Condor Pasa died young, but not before he had sired Gr.1 winners in Japan, including some leading dirt performers. He did well with mares by **SUNDAY SILENCE**, a son of **HALO**. Among his winners bred this way were classic winner Song of Wind, Japan Cup Dirt winner Vermilion and Gr.3 winner Rapid Orange. The Gr.2 winner Tokai Trick is out of a daughter of **SILVER HAWK**. The **HAIL TO REASON** line clearly suited El Condor Pasa, and Henrythenavigator is likely to do well too.

Mares bred on the Kingmambo-Sadler's Wells nick have produced the Gr.1 winner Miss World to **BERNSTEIN**, as well as the Gr.3 winner Eightfold Path to **GIANT'S CAUSEWAY**. This suggests that Henrythenavigator has a bright future with mares by **STORM CAT** and his sons.

**NIJINSKY** has provided Kingmambo with some of his most talented offspring siring the dams of Gr.1 winners Russian Rhythm and Archipenko. The Japan Cup winner Alkaased is out of a daughter of **NINISKI**, while classic winner Rule of Law has a **ROYAL ACADEMY** mare as his dam. A Henrythenavigator colt out of Rule of Law's dam sold for \$625,000.

The Danzig branch has also enjoyed success with Kingmambo and his sons. Among the stallions involved are **DANZIG** (broodmare sire of Gr.1 winner Voodoo Dancer), **BOUNDARY**, **CHIEF'S CROWN**, **DANEHILL**, **DANZIG CONNECTION**, **GREEN DESERT** (broodmare sire of Graded winners by Kingmambo and Lemon Drop Kid) and **SHAADI**. El Condor Pasa, a horse bred on the same cross as Henrythenavigator, sired Gr.3 winner Sakura Orion from a **DANZIG** mare.

Kingmambo is out of Nureyev's brilliant daughter Miesque and there are signs that inbreeding to the exceptionally successful **NUREYEV** will pay dividends. Kingmambo's Gr.2 winner Royal Oath is inbred 3x3 to Nureyev, the Japanese Derby winner King Kamehameha has a Gr.2 winner inbred 4x3, King Cugat's Gr.3 winner Kingship is inbred 4x3, as is Lemon Drop Kid's Gr.2 winner Bear's Kid. This type of mating is already paying dividends in the sales ring. Henrythenavigator has a \$300,000 colt out of a Nureyev mare and a \$270,000 filly with a Nureyev second dam.

The **DEPUTY MINISTER** line is worth considering. Lemon Drop Kid has had encouraging results with mares by Deputy Minister and his son **SALT LAKE**. Salt Lake is also the broodmare sire of Apapane, a dual 2010 Japanese classic winner by Kingmambo's son King Kamehameha.

Henrythenavigator should be suited by mares from the **FAPPIANO** line. Mares by **UNBRIDLED**, **QUIET AMERICAN**, **RUBIANO** and **CRYPTOCLEARANCE** create only 3x4 inbreeding to **MR PROSPECTOR**. Lemon Drop Kid has several Graded winners inbred to Mr Prospector, including a Gr.3 winner inbred 3x3. Henrythenavigator had a \$225,000 first-crop colt out of an **AFLEET** mare. However, mares by grandsons of Mr Prospector are other options.

**SEATTLE SLEW** mares had two Gr.1 winners by Kingmambo and mares by Seattle Slew's son **CAPOTE** have stakes winners by Kingmambo and Lemon Drop Kid. A Henrythenavigator colt out of a Seattle Slew mare sold for \$200,000.

There are compelling reasons for thinking that Henrythenavigator will be suited by mares with **NEVER BEND** blood. El Condor Pasa's first winner of the Japan Cup Dirt, Alondite, is out of a **RIVERMAN** mare and Big Grass, another top Japanese dirt horse, is out of a mare by Ibn Bey, a son of **MILL REEF**. Kingmambo's Oaks winner Light Shift is out of a **SHIRLEY HEIGHTS** mare and King's Best sired Group winners from **DARSHAAN** mares.

Of Kingmambo's Gr.1 winners, the Japanese horse Star King Man has a dam by **BLUSHING GROOM** and Thewayyouare has a second dam by him. King's Best has a Gr.3 winner out of a grand-daughter. Mares by **RAHY**, **MT LIVERMORE** and **CHEROKEE RUN** could suit.

**MEADOWLAKE** sired the dam of I'll Love Again, a high-class sprinter-miler by El Condor Pasa.

The **RIBOT** line has also contributed to the success of Kingmambo, who has Graded winners out of daughters of **ALLEGED** and **HIS MAJESTY**. Mares by **PLEASANT COLONY** and **PLEASANT TAP** have done well with Lemon Drop Kid.

**PRIVATE ACCOUNT** mares produced the classic winner Bluemamba and the Gr.3 winner Rey de Café to Kingmambo.
